EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for the examiner's amendment was given in a telephone interview with Mr. Seth H. Ostrow, Reg. No. 37,410. The claims have been amended in accordance to the attached fax supplemental amendment submitted by applicant on May 25, 2007.

REASONS FOR ALLOWANCE

3. The following is an Examiner's Statement of Reasons for Allowance:

The prior art of record does not expressly teach or render obvious, in the context of the claims taken as a whole, the invention as recited in independent claims 1, 11, 21-23 and 33.
4. Connection sharing among multiple threads (subtasks) through a thread-dependent connection was uncovered in U.S. Patent 6,314,430 (Chang). The mapping of multiple threads with a single thread was uncovered in U.S. Patent 6,301,676 (Kumar et al) [col. 4, lines 13-16; 207-208, Fig. 2]. However, the reference taken alone or in combination do not expressly teach or render obvious, in the context of the claims taken as a whole, the invention as recited in independent claims 1, 11, 21-23 and 33.

Nor was a reference uncovered that would have provided a basis of evidence for asserting a motivation that one of ordinary skill level in the art at the time the invention was made, knowing connection sharing among multiple threads (subtasks) through a thread-dependent connection, and mapping of multiple threads with a single thread would have combined the prior art of record to arrived at the present invention as recited in the context of independent claims 1, 11, 21-23 and 33.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Qing-Yuan Wu whose telephone number is (571) 272-3776. The examiner can normally be reached on 8:30am-6:00pm Monday-Thursday and alternate Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, William Thomson can be reached on (571) 272-3718. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
